(1)(a) If a member of the individual account program dies before retirement, the amounts in the member's employee account, rollover account and employer account, to the extent the member is vested in those accounts under ORS 238A.320, shall be paid in a lump sum to the beneficiary or beneficiaries designated by the member for the purposes of this section.

(b) If a member of the individual account program dies before retirement, the amounts in the employee pension stability account established for the member under section 3 of this 2019 Act shall be applied by the Public Employees Retirement Board to pay the costs of any benefit payable under ORS 238.395 or 238A.230 that accrues on or after July 1, 2020. If the amounts in the employee pension stability account exceed the costs of the benefit payable under ORS 238.395 or 238A.230 that accrues on or after July 1, 2020, the excess amounts shall be paid in a lump sum to the beneficiary or beneficiaries designated by the member for the purposes of this section.

(2) If a member of the individual account program is married at the time of death, or there exists at the time of death any other person who is constitutionally required to be treated in the same manner as a spouse for the purpose of retirement benefits, the spouse or other person shall be the beneficiary for purposes of the death benefit payable under this section unless the spouse or other person consents to the designation of a different beneficiary or beneficiaries before the designation has been made and the consent has not been revoked by the spouse or other person as of the time of the member's death. Consent and revocation of consent must be in writing, acknowledged by a notary public, and submitted to the Public Employees Retirement Board in accordance with rules adopted by the board. If the member's spouse is designated as the member's beneficiary and the marriage of the member and spouse is subsequently dissolved, the former spouse shall be treated as predeceasing the member for purposes of this section, unless the member expressly designates the former spouse as beneficiary after the effective date of the dissolution or the former spouse is required to be designated as a beneficiary under the provisions of ORS 238.465.

(3) For purposes of this section and ORS 238A.400 (3), if a member fails to designate a beneficiary, or if the person or persons designated do not survive the member, the death benefit provided for in this section shall be paid to the following person or persons, in the following order of priority:

(a) The member's surviving spouse or other person who is constitutionally required to be treated in the same manner as a spouse;

(b) The member's surviving children, in equal shares; or

The Public Employees Retirement Board shall adopt rules implementing those minimum distribution requirements.

SECTION 10. ORS 238.105 is amended to read:

238.105. (1) Whenever, within five years after the employee is separated from all service entitling the employee to membership in the **Public Employees Retirement** System, an employee who has withdrawn the amount credited to the member account of the member reenters the service of an employer participating in the system, the employee's rights in the system that were forfeited by

the withdrawal shall be restored upon repaying to the **Public Employees Retirement** Board within one year after reentering the service of the employer, the full amount so withdrawn together with the interest that would have been accumulated on the sum had the amount not been withdrawn.

(2) Restoration of rights under this section does not affect any forfeiture of rights of a person by reason of:

(a) Withdrawal of an account established under ORS 238.440; **or**

[(b) *Withdrawal from the pension program under ORS 238A.120; or*]

[(c)] (b) Withdrawal of individual accounts pursuant to ORS 238A.375.

SECTION 11. ORS 238.115 is amended to read:

238.115. (1)(a) A member of the **Public Employees Retirement** System who, after separation from all service entitling the employee to membership in the system and withdrawal of the amount credited to the member account of the member, reenters the service of an employer participating in the system and serves as an active member of the system for 10 years after that reentry, and who has not otherwise obtained restoration of creditable service forfeited by the withdrawal, shall obtain restoration of one full month of creditable service forfeited by the withdrawal for each three full months of service as an active member after that reentry if the member, within 90 days before the effective date of retirement of the member:

(A) Applies in writing to the **Public Employees Retirement** Board for restoration of creditable service; and

(B) Pays to the board in a lump sum for credit to the member account of the member the amount withdrawn and interest on the amount withdrawn compounded annually for each year or portion of a year after the date of the withdrawal and before the effective date of retirement of the member. The interest shall be computed at the annual rate of 7.5 percent.

(b) If a member who obtains restoration of creditable service as provided in this subsection does not obtain restoration of all creditable service forfeited by the withdrawal pursuant to service after reentry, the payment under paragraph (a) of this subsection shall be reduced proportionately to reflect the percentage of creditable service restored.

(c) A member who obtains restoration of creditable service as provided in this subsection is not entitled to elect to receive the service retirement benefit described in ORS 238.305 (2) or (3).

(2) A member who forfeited creditable service rendered to a public employer before March 27, 1953, because under ORS 237.976 (2) the employee withdrew contributions of the employee to the Public Employees Retirement System established by chapter 401, Oregon Laws 1945, and who did not obtain restoration of creditable service so forfeited as provided in chapter 857, Oregon Laws 1977, shall, upon retirement, receive restoration of creditable service so forfeited, if the member, before the effective date of retirement of the member:

(a) Applies in writing to the board for the restoration of the creditable service; and

(b) Pays to the board in a lump sum for credit to the member account of the member an amount determined by the board to be equal to the full amount of contributions so withdrawn and the interest that would have accumulated to the regular account of the member had those contributions not been withdrawn.

(3)(a) A member of the Public Employees Retirement System who was a member of an association established pursuant to ORS chapter 239 (1997 Edition), but separated from all service entitling the employee to membership in the system of the association and withdrew the amount credited to the member account of the employee in the retirement fund of the association, and who, after that separation, entered the service of an employer in the field of education participating in the Public Employees Retirement System and served as an active member of that system for 10 years after that entry, and who has not otherwise obtained restoration of all creditable service forfeited by the withdrawal, shall obtain creditable service as a member of the Public Employees Retirement System equal to all creditable service forfeited by the withdrawal if the member within 90 days before the effective date of retirement of the member:

(A) Applies in writing to the Public Employees Retirement Board for that creditable service; and

(B) Pays to the board in a lump sum for credit to the member account of the member the amount withdrawn and interest on the amount withdrawn compounded annually for each year or portion of a year after the date of the withdrawal and before the effective date of retirement or effective date of application of the member. The interest shall be computed at the rate actually credited to regular accounts for that period.

(b) This subsection provides a method of obtaining creditable service for forfeited creditable service described in this subsection that is in lieu of any application of subsection (1) of this section for that purpose.

(4) Restoration of creditable service under this section does not affect any forfeiture of rights of a person by reason of:

(a) Withdrawal of an account established under ORS 238.440; **or**

[(b) Withdrawal from the pension program under ORS 238A.120; or]

[(c)] (b) Withdrawal of individual accounts pursuant to ORS 238A.375.

SECTION 12. ORS 238.265 is amended to read:

238.265. (1) Except as otherwise provided in this section, a member of the Public Employees Retirement System may withdraw from the Public Employees Retirement Fund the amount credited to the member account, if any, for the member if:

(a) The member is separated from all service with participating public employers;

(b) The member is separated from all service with employers who are treated as part of a participating public employer's controlled group under the federal laws and rules governing the status of the system and the fund as a qualified governmental retirement plan and trust;

(c) The member has not attained earliest service retirement age; and

(d) The separation from service is not by reason of death or disability.

(2) If a member wishes to withdraw the member account, if any, of the member under this section, the member must transmit to the Public Employees Retirement Board a withdrawal request. The board shall deny the withdrawal, or shall take all reasonable steps to recover withdrawn amounts, if:

(a) The board determines that the separation is not a bona fide separation; or

(b) The member fails to remain absent from the service of all employers described in subsection (1) of this section for at least one calendar month following the month in which the member separates from service.

(3) If a member has contributed to the fund in each of five calendar years and has separated from all service in the manner described in subsection (1) of this section before reaching earliest service retirement age, the member may elect to withdraw the member account of the member under this section at any time before reaching earliest service retirement age. If the inactive member does not make an election to withdraw under this section, the member shall be paid the benefits or retirement allowances described in ORS 238.425.

(4) *[A member who is vested in the pension program established under ORS chapter 238A and who is eligible to withdraw from the pension program under ORS 238A.120 may withdraw a member account under this section only if the member also withdraws from the pension program.]* A member who has an individual account or accounts in the individual account program established under ORS chapter 238A may withdraw a member account under this section only if the member also withdraws all individual accounts pursuant to ORS 238A.375. A member who has an account established under ORS 238.440 may withdraw a member account under this section only if the member also withdraws the account established under ORS 238.440.

(5) Withdrawal of a member account under this section cancels all membership rights in the system, including the right to claim credit for any employment before withdrawal.

SECTION 13. ORS 238.300 is amended to read:

238.300. Upon retiring from service at normal retirement age or thereafter, a member of the **Public Employees Retirement** System shall receive a service retirement allowance which shall consist of the following annuity and pensions:

(1) A refund annuity which shall be the actuarial equivalent of accumulated contributions, if any, by the member **under this chapter** and interest thereon credited at the time of retirement, which annuity shall provide an allowance payable during the life of the member and at death a lump sum equal in amount to the difference between accumulated contributions at the time of retirement and the sum of the annuity payments actually made to the member during life shall be paid to such person, if any, as the member nominates by written designation duly acknowledged and filed with the board or shall otherwise be paid according to the provisions of this chapter for disposal of an amount credited to the member account of a member at the time of death in the event the member designates no beneficiary to receive the amount or no such beneficiary is able to receive the amount. If death of the member occurs before the first payment is due, the member account of the member shall be treated as though death had occurred before retirement.

(2)(a) A life pension (nonrefund) for current service provided by the contributions of employers **and, for pension benefits that accrue on or after July 1, 2020, amounts in the employee pension stability account established for the member under section 3 of this 2019 Act**, which pension, subject to paragraph (b) of this subsection, shall be an amount which, when added to the sum of the annuity, if any, under subsection (1) of this section and the annuity, if any, provided on the same basis and payable from the Variable Annuity Account, both annuities considered on a refund basis, results in a total of:

(A) For service as a police officer or firefighter, two percent of final average salary multiplied by the number of years of membership in the system as a police officer or firefighter before the effective date of retirement.

(B) For service as other than a police officer or firefighter, including service as a member of the Legislative Assembly, 1.67 percent of final average salary multiplied by the number of years of membership in the system as other than a police officer or firefighter before the effective date of retirement.

(b) A pension under this subsection shall be at least:

(A) For a member who first establishes membership in the system before July 1, 2003, the actuarial equivalent of the annuity provided by the accumulated contributions of the member. A person establishes membership in the system before July 1, 2003, for the purposes of this subparagraph if:

(i) The person is a member of the system, or a judge member of the system, on the day immediately before July 1, 2003; or

(ii) The person performed any period of service for a participating public employer before July 1, 2003, that is credited to the six-month period of employment required of an employee under ORS 238.015 before an employee may become a member of the system.

(c) As used in this subsection, "number of years of membership" means the number of full years of creditable service plus any remaining fraction of a year of creditable service. Except as otherwise provided in this paragraph, in determining a remaining fraction a full month shall be considered as one-twelfth of a year and a major fraction of a month shall be considered as a full month. Membership of a school district employee, an employee of an institution of higher education engaged in teaching or other school activity or an employee of the Department of Human Services, the Oregon Youth Authority, the Department of Corrections or the State Board of Education engaged in teaching or other school activity at an institution supervised by the authority, board or department, for all portions of a school year in a calendar year in which the district school, institution of higher education or school activity at an institution so supervised in which the member is employed is normally in session shall be considered as a full one-half year of membership. The number of years of membership of a member who received a refund of contributions as provided in ORS 237.976 (2) is limited to the number of years after the day before the date on which the refund was received. The number of years of membership of a member who is separated, for any reason other than death or disability, from all service entitling the member to membership in the system, who

withdraws the amount credited to the member account of the member in the fund during absence from such service and who thereafter reenters the service of an employer participating in the system but does not repay the amount so withdrawn as provided in this chapter, is limited to the number of years after the day before the date of so reentering.

(3) An additional life pension (nonrefund) for prior service credit, including military service, credited to the member at the time of first becoming a member of the system, as elsewhere provided in this chapter, which pension shall be provided by the contributions of the employer.

SECTION 14. ORS 238.305 is amended to read:

238.305. (1) Not later than 60 days after the first benefit payment is made to a retired member of the Public Employees Retirement System, the member may elect to convert the allowance described by ORS 238.300 as payable after retirement into a service retirement annuity of equivalent actuarial value of one of the optional forms named below. The election of Option 2, 2A, 3 or 3A shall be effective immediately upon the member's retirement.

Option 1.
