Subject: Taxes
Date: Saturday, February 1, 2020 5:16:18 PM

The taxes in this state are becoming over bearing! I've lived in this state for over 43 years, and am approaching the age of 80 years old. I have never asked federal or state government for anything and have always provided for myself, my wife, and my children, growing up. But I'm asking for those elected officials in Salem to please stop taxing the people of this state! Just because you have a super majority in our state capitol doesn't mean you have the right to punish those struggling to provide for their loved ones. You should be ashamed of yourselves!

Sincerely,

Gerald W. Waters
