Esteemed committee members:

I am Teresa Wilson from Klamath Falls. I attended the hearing Feb. 4, 2020. I was a small business owner and a retired RN, BSN in pediatrics, a mom of 4 and grandmother of 9. My family including my husband, pediatrician, has promoted the health and safety of our family and community for 3 decades.

Thank you for your work on this critical existential issue, the climate emergency.

As a grandparent and health care provider I care that my grandchildren have clean air and water to breathe and drink.

I ask you to not delay and take this opportunity to take climate action to protect our health and well being. It is a false choice to choose our health over jobs. Let's move on to the 21st century. Treasure Oregon by supporting SB 1550!
