

Yes ...

To whom it may concern regarding Kate Brown

I would like to say about sb1530 I do not agree with how kate brown is spending my hard earned tax dollars.

Please recall her.

She is not listening to the loggers in this state and way too many forests are being chopped.

I do not appreciate her allocating funds to vancouver for herself.

I do not appreciate how she is mainly going full throttle roe v wade..infanticide in this state... I am requesting an entirely new governor! And asap.

Thabk you.

I do want to say on her behalf I appreciated how she alloted over 900,000\$ toward money left over from fairview or something like that..so i had thought she was off to a great start.. 3, 4 yrs ago...now i clearly see...no! !

Thabks for placing my vote to recall kate at thr top of your pile in comments.

Have a wonderful day sirs and mams.
