Re: New Seasons Market Supports SB 1530

Date: 2/12/2020

New Seasons Market supports Senate Bill 1530, also known as Cap and Invest. We operate 17 stores in Oregon and partner with hundreds of growers, producers and vendors across the state. We have heard from our vendors, customers, and community partners that mitigating climate change and protecting the health of our environment are issues important to them and their ability to continue to help our region thrive. We believe an economy-wide carbon market creates an opportunity for all businesses in Oregon to share in the responsibility of transitioning to a low-carbon economy while enabling the state to re-invest in our communities. Please support SB1530.

Best,

Athena Petty

Sustainability Program Manager
