Dear OREGON legislation!

SB 1530 + Oregon's homeless crisis = devastation to ALL Oregonian's! Vote no on SB 1530 and others or Walk out! Taxation will not help our climate or Oregon. Do NOT PASS these Bills! You are killing Oregon and pushing the responsibilities of our carbon input onto others(China)who don't care otherwise! Oregonian's have better ideas to decrease our carbon footprint without killing jobs, and putting our neighbors out in the streets! Please listen to US!!
