A BILL FOR AN ACT

Relating to distillery retail outlet agents; creating new provisions; and amending ORS 471.230.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 471.230 is amended to read:

471.230. (1) A distillery license allows the licensee to import, manufacture, distill, rectify, blend, denature and store distilled liquor, to sell the distilled liquor to the Oregon Liquor Control Commission and to transport the distilled liquor out of this state for sale outside this state. Distillery licensees may purchase and sell distilled liquor from or to another distillery licensee in containers having a capacity greater than one U.S. gallon for blending and manufacturing purposes. A distillery licensee may not sell any alcoholic beverage within this state except to the commission or as provided in this section. However, any agricultural producer or association of agricultural producers or the legal agents of an agricultural producer or association of agricultural producers that manufactures and converts agricultural surpluses, by-products and wastes into denatured ethyl and industrial alcohol for use in the arts and industry are not required to obtain a license from the commission.

(2) If a distillery licensee holds a valid distilled spirits plant basic permit issued by the federal Alcohol and Tobacco Tax and Trade Bureau for the licensed premises, the distillery licensee may:

(a) Permit tastings of distilled liquor approved by the commission for sale in Oregon and manufactured in Oregon by the distillery licensee or by another distillery licensee. Tastings may be of the distilled liquor alone or with a mix of other liquids. If any of the other liquids are distilled liquors, they must be distilled liquors on the list of products approved by the commission for retail sale in Oregon and must be purchased by the licensee at the retail price established by the commission. This paragraph does not authorize sales by the drink of distilled liquor. The tastings may be conducted on the licensed premises of the distillery and at no more than five other premises.

NOTE: Matter in boldfaced type in an amended section is new; matter in italic and bracketed is existing law to be omitted. New sections are in boldfaced type.
owned or leased by the licensee. The commission may allow more than one distillery licensee to use
the same premises at the same time for conducting tastings if the premises are a primary production
location and the licensees share the premises or are owned by the same entity. If the manufacturer
of the distilled liquor obtains distilled liquor for conducting tastings from the inventory of the
commission, the licensee shall pay the commission a processing fee.
(b) Obtain a special events distillery license.
(c) Apply for appointment by the commission as a distillery retail outlet agent for purposes of
retailing distilled liquor at locations where tastings are permitted under paragraph (a) of this sub-
section or subsection (4)(a) of this section. A distillery retail outlet agent may sell at locations
where tastings are allowed under paragraph (a) of this subsection only distilled liquor that is on the
list of products approved by the commission for retail sale in Oregon and is manufactured in Oregon
by the distillery licensee or by another distillery licensee that uses the same premises as a primary
production location or is owned by the same entity as the distillery licensee.
(3) Notwithstanding ORS 471.392 to 471.400, a distillery licensee may hold one or more full on-
premises sales licenses. All distilled liquor sold under a full on-premises sales license must be pur-
 chased from the commission.
(4) A distillery licensee that holds a special events distillery license may conduct an event on
premises designated in the special events distillery license. Except as provided in this subsection,
a special events distillery license may be valid for a period not exceeding five days. The commission
shall limit the approval of special events distillery licenses for a distillery licensee at the same lo-
cation to not more than 62 days during a calendar year. A distillery licensee conducting a special
event may:
(a) Permit tastings of distilled liquor approved by the commission for sale in Oregon and manu-
factured in Oregon by the distillery licensee. Tastings may be of the distilled liquor alone or with
a mix of other liquids. If any of the other liquids are distilled liquors, they must be distilled liquors
on the list of products approved by the commission for retail sale in Oregon and must be purchased
by the licensee at the retail price established by the commission. If the manufacturer of the distilled
liquor obtains distilled liquor for conducting tastings from the inventory of the commission, the
licensee shall pay the commission a processing fee.
(b) Permit sales by the drink of distilled liquor. A drink that a distillery licensee sells under this
paragraph must include distilled liquor that the licensee manufactured in Oregon. Any distilled li-
quor contained in the drink must be on the list of products approved by the commission for retail
sale in Oregon. The distillery licensee selling the drink must purchase all distilled liquor contained
in the drink at the retail price set by the commission for the month in which the drink is sold.
(c) If the distillery licensee has been appointed as a distillery retail outlet agent under sub-
section (2)(c) of this section, sell distilled liquor in factory-sealed containers for consumption off the
licensed premises. A distillery retail outlet agent may sell at a location where tastings are allowed
under paragraph (a) of this subsection only distilled liquor that is on the list of products approved
by the commission for retail sale in Oregon and is manufactured in Oregon by the distillery licensee.
The distillery retail outlet agent must sell the distilled liquor at the retail price set by the com-
mission for the month of sale.

quor retail sales by the agent under subsection (2)(c) or (4)(c) of this section. The compensa-
tion rate shall be:

outlet agent tasting locations operated by the distillery licensee under subsection (2)(a) or (4)(a) of this section, 45 percent of the retail price set by the commission for the sold distilled liquor.

(b) For distilled liquor retail sales by the agent that are not described in paragraph (a) of this subsection, 17 percent of the retail price set by the commission for the sold distilled liquor.
